

FX200/XLK Panel Mount Expansion Kit

FX200/XLK expansion brackets replace the standard FX200 vertical brackets.

Follow manufacturer's recommendation for mounting (specified screw positions and fasteners).

Utilize the screws (D) and washers (E) provided* (FX200 hardware) mount to secure the expansion brackets to the TV. The vertical brackets (A) should be centered on the television for best results.

***NOTE:** Alternate fasteners provided for TV's with recessed screw threads.

Only use the longer screws (H) when the standard screws and washers are not of sufficient length.
