

CHAMELEON QUAD

COMES WITH

2x

Joint Connector Bolt - (300-540)

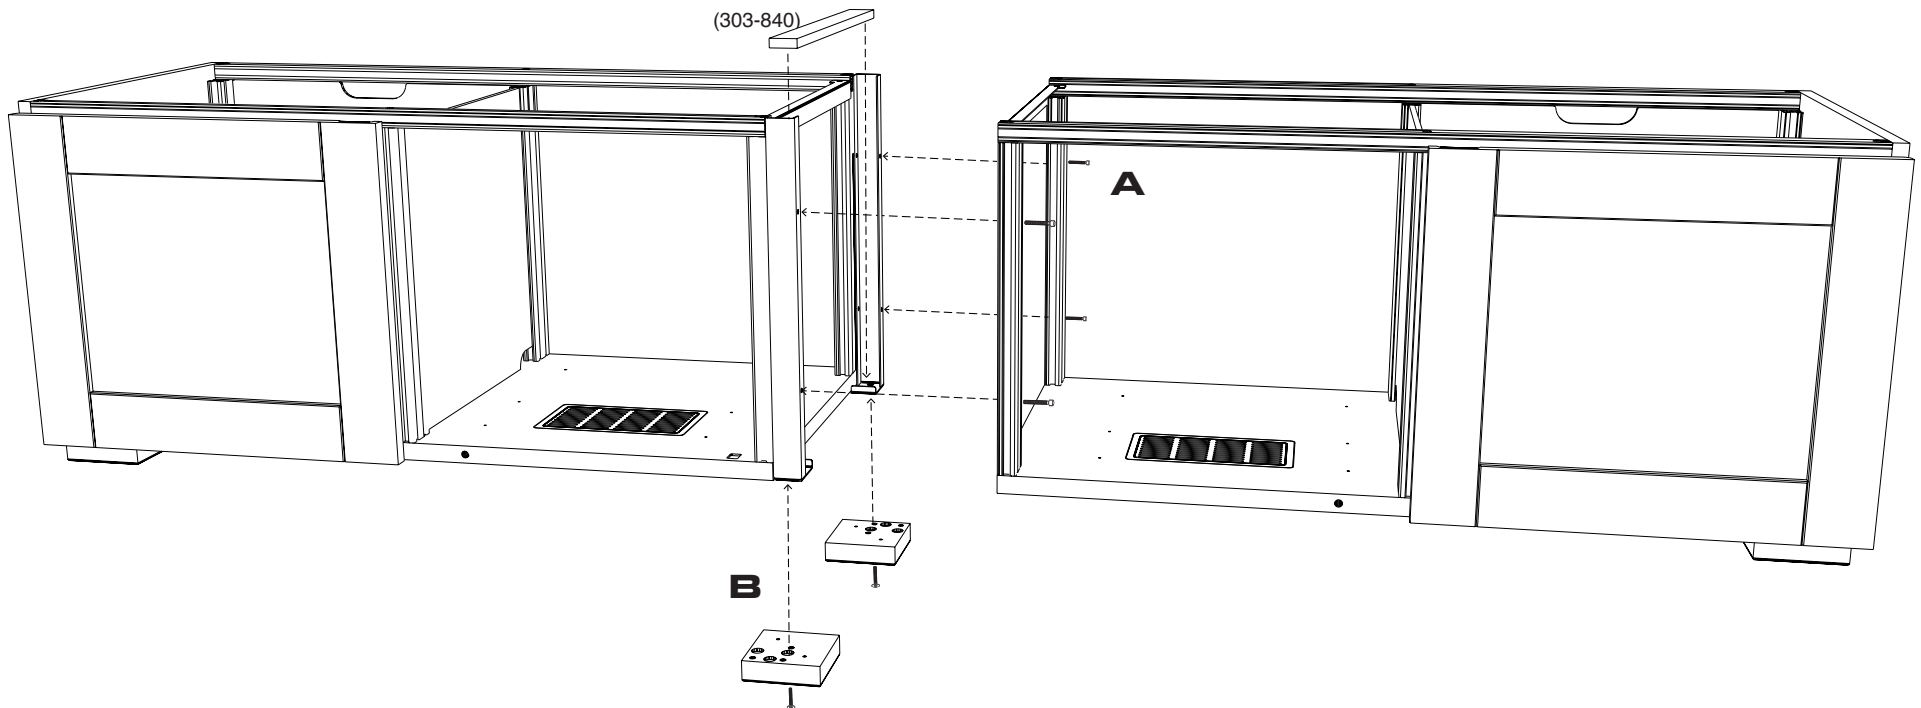

3/16" Hex Key - (400-060)

5/32" Hex Key - (400-080)

4x

Cap Screw - (303-520)

JOIN CABINETS

- A.** Using the 303-520 screws provided, fasten the cabinet to the mating bracket of the other.
- B.** Attach center feet to mating brackets. This kit contains shorter connector bolts (300-540) to use with wood feet. Be sure to use the centered hole to align foot properly with the cabinet.
