Salamander Designs makes it possible to own **Pro Audio Rack Mount** cabinets that have the look and feel of fine furniture - and we've been at it for 25 years

SALAMANDER DESIGNS

Furniture Shaped By Your Needs ®

TECH RACKS

Salamander Designs rack mount cabinets are constructed with absolute attention to detail.

All Salamander equipment racks are built with premium componentry and materials, guaranteeing reliability, durability and good looks.

As you'd expect mounting rails are compatible with industry EIA 19" component standards.

- Wide range of configurations available to ship: towers to credenzas
- Easy Installation & Access to patch bays, components and power
- Integral lacing bars help manage wire and cabling
- Modular/Stackable System: easy to knock-down or expand
- Mobility: options include heavy duty casters
