

Salamander Designs and Newline Interactive Collaborate To Offer Turn-Key Furniture and Display Solutions

Salamander Cabinets and Mobile Carts now support Newline displays to provide stunning aesthetics and ergonomically-correct display positioning for the best possible user experience.

Bloomfield, CT— February 5th, 2019 — Salamander Designs and Newline Interactive have come together to deliver elegant workplace display technology and best-in-class AV furniture which are sure to excite integrators and end customers. These turn-key systems feature innovative low-profile Cabinets, Mobile Carts and interactive Display solutions that are retrofit-friendly for every space and easily upgradeable.

“We’re pleased to welcome Newline Interactive as the newest member of Team Salamander, our successful and ever-growing partner program,” said Scott Srolis, vice president of sales and marketing at Salamander Designs. “Our collaboration will bring the most current, ADA compliant, aesthetically excellent display solutions to the whole range of commercial, educational, worship and hospitality channels worldwide.”

A wide array of Salamander technology furniture products are designed to work with Newline interactive displays for quick ordering and highly-rapid deployment. Regardless of the application, Salamander offers an assortment of Cabinets for fixed or variable installations, Mobile Stands for projects requiring movement between spaces, and fully adjustable FPS Stands that can convert all the way to a flat, tabletop configuration. And all are designed with the legendary Sal Carrabba fit, style and finish. Integrators can select from a variety of styles, materials, sizes and finishes to suit virtually all interactive display needs.

“Newline is excited to work with technology partners like Salamander that understand customer pain points and work hard developing solutions made to address them,” said Ty Hall, vice president of sales and marketing at Newline Interactive. “We look forward to addressing the market with cohesive solutions suited for organizations of all structures and sizes.”
